

# IS7036-002-Group06\_\_ProjectReport

## Contents

- IS7036-002-Group06\_\_ProjectReport.docx - The final report
- IS7036-002-Group-06\_\_ProjectReport.str - The SPSS Modeler stream file containing all models discussed in the report. To run the models, the dataset Monthly.csv is required.
- Monthly.csv - the final, clean dataset used to generate all models
- Data\_\_Dictionary.xlsx - Excel file explaining the different variables in the original and cleaned datasets.
- All files associated with the data cleaning and preparation (including those not used in the final models) are publicly available at [https://github.com/billmcmillin/sep\\_timestamp](https://github.com/billmcmillin/sep_timestamp)
